Garden Selection of Plants

WE invite personal selection of specimen clumps of certain hardy flowers during blooming time by our GARDEN VISITORS. Applies particularly to:

Columbine
Delphinium

Hollyhock
Lupine

Pyrethrum (*Painted Daisy*)

Such selections will be supplied at *slightly higher prices* than otherwise named. If not desirable to dig at the time, the plants will be marked, recorded and delivery made at proper season. This enables garden visitors to obtain certain colors or color combinations of flowers that is not otherwise so certain.

OUR DISTANT CUSTOMERS—To my friends who cannot visit TUCKDAWA is extended a similar privilege. If you desire certain shades of bloom of the above list and will tell me just about what you desire in color, etc., will personally tag for you specimen clumps measuring up to your wants AT BLOOMING TIME; digging and delivery to follow in due season. Your particular inquiries will receive personal attention.

BLOOM-SELECTED PLANTS AS ABOVE, 35c EACH, 3 FOR \$1.00.

Delivery prepaid on distant orders of \$2.00 or more.

A future Price List will carry our offerings of the new DOUBLE ORIENTAL POPPIES.

Glorious Oriental Poppies

A marvelous sight is a garden in Springtime with a generous planting of the better types of ORIENTAL POPPIES. For some years we've been propagating Orientals. Of the three below which TUCKDAWA GARDEN has introduced — "TUCKDAWA GIANT" has been worth the effort of growing thousands of plants. If you want something really wonderful in the way of an outstanding ORIENTAL buy a root of "TUCKDAWA GIANT." I have set aside a limited stock of this variety for sale at this price for delivery this Fall.

We fill all ORIENTAL POPPY orders with heavy 2-3 YEAR ROOTS. We do not send out plants or spindly "rooted cuttings." Newer and greatly improved varieties are:

Single Peonies

Early blooming, fine for cutting and in early blooming stage resembling glorified tulips. Singles offer a delightful addition to everyone's flower garden.	
Darkness—Large dark maroon. Very good	.75
L'Etincelante—Fine broad petals, deep	
rose75
LaFiancee—Very fine, large white.....	.50
Perle Rose—Clear light rose, edged silver	.75
Veloutine—Tyrian purple65

Japanese Peonies

Similar petalage as the Singles, but in so-called Japanese types the central stamens and anthers become transformed into thick, narrow petaloids, etc. Growing in popularity each year. Difficult to supply the growing demand.
